

DESCRIPTION

Light passes through the openings of the Blade Coffee Table, creating a play of shadows on surrounding surfaces. Canaletto wood slats, arranged in a radial pattern, support and frame the precious top in blended burnished brass or travertine marble. The Blade Coffee Table can be used as a system or as a single piece of furniture, available in three different sizes from the higher and thinner one to the lower and wider versions. It's available a special edition with brass detail on the wood slats.
