

GIOPAGANI

Vittorio
CABINET

DESCRIPTION

With Vittorio high cabinet, a storage unit for the daytime area, the designer proposes a different way of storing, and at the same time displaying much-loved objects.

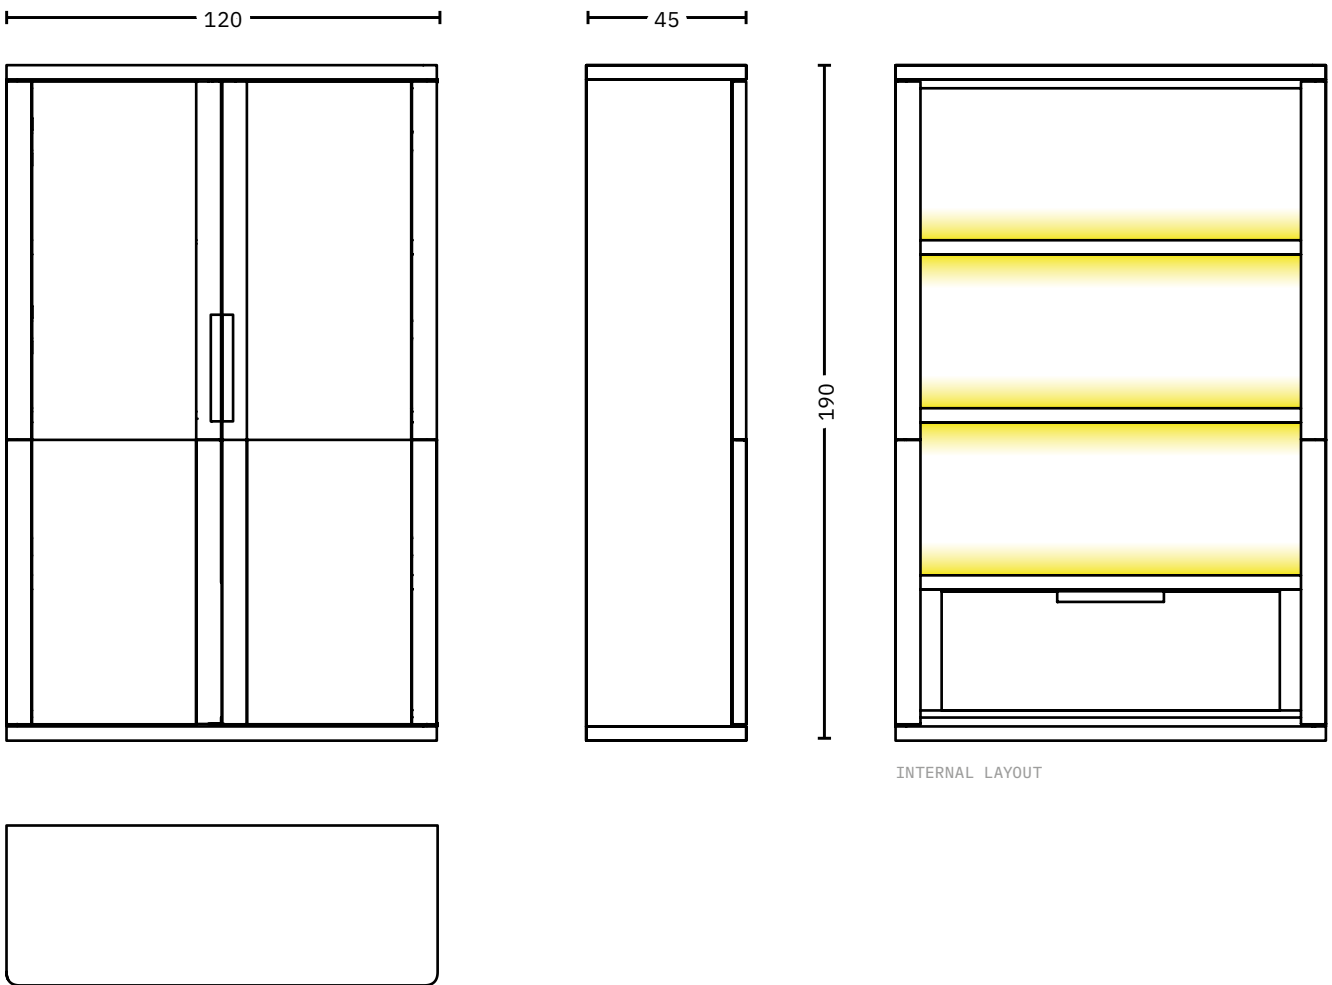

The structure is made of sandblasted black ash, and is available with or without doors, and can be upholstered with Rough leather externally and Velvet leather internally.

Interior lighting kit installed.

Con il Vittorio cabinet, mobile contenitore per la zona giorno, il designer propone un modo diverso di riporre e allo stesso tempo esporre gli oggetti più amati.

La struttura, realizzata in frassino nero sabbiato, è disponibile con o senza ante e può essere rivestita esternamente in pelle Rough e internamente in pelle Velvet.

Kit di illuminazione interna installato.
