

**DESCRIPTION** Optical Floor-Suspension extends from floor to ceiling: a cylindrical counterweight anchors the steel cable at the base, from which a trihedral glass element rises, available in amber, smoke grey, or clear crystal. The glass diffuser spreads soft, ambient light. The structure, in natural or dark burnished brass, can be positioned freely within the space, with no installation constraints. The Optical collection is also available in floor, table, wall, and suspension versions, with one or three elements.
